

THE TROPICO SENTINEL

Special "Newspaper Day" Edition. Devoted to Tropico the San Fernando Valley and Southern California

VOL. IV

TROPICO CALIFORNIA, THURSDAY, OCTOBER 1, 1914

No. 38

TROPICO'S BIG CARNIVAL DAY AND EVENING OF HALLOWEEN FUN

DATE OF TROPICO'S BIG CIVIC CELEBRATION IS DEFINITELY SETTLED - SATURDAY, OCTOBER 31

When the Board of Managers first started the work of bringing about the celebration of the completion of over \$100,000 worth of street improvements, it was a question as to whether such an affair could be pulled off in a way that would be a credit to the city.

Tropico will celebrate on Saturday, October 31, and every person in Southern California is going to be invited to visit us on that day and help us rejoice in the good things that are ours.

In the morning our new city hall will be dedicated and officially turned over to the City of Tropico for a civic center, by the Masonic order of Tropico and Glendale.

All this along the new \$60,000 electrically lighted paved boulevard, Tropico's great white way.

TRINITY AUDITORIUM IS OPENED IN L. A.

TRINITY AUDITORIUM, LOS ANGELES' NEW MUSIC HALL, TO BE OFFICIALLY OPENED NEXT MONDAY

The official opening of the new Trinity Auditorium, under the management of L. E. Behymer, occurred Monday, September 28th.

Adjoining this spacious auditorium are four smaller halls with seating capacities of 350, 500 and 650 each, suitable for recitals, receptions, rehearsal rooms, fully equipped for such events.

Trinity Auditorium this season has already been selected as the home of the Los Angeles Symphony orchestra, playing six pair of concerts, the Ellis Club in four concerts, the Lyric Club in three, the Orpheus Club with three, the Trinity Church music course of ten events at popular prices, and the great Philharmonic three in number.

The irresistible event of the season will be the opening on Monday, October 31st.

EDWARD H. WESTON IS HONORED AGAIN

LOCAL ARTIST RECEIVES NOTICE THAT FIVE OF HIS PRINTS WERE HUNG IN THE LONDON SALON

Edward H. Weston, the local photographer and winner of honors in many parts of the world has just received word from London that five of his prints have been hung at the International exhibition of the London Salon of Photography.

Not satisfied with carrying away a second prize and two honorable mentions from the Photographic Salon at Toronto, Canada, in May, when photographers from twelve different nations highest honors possible to any professional photographer in the United States when the Photographers' Association of America in annual convention at Atlanta, Georgia, in June, hung one of his photographs in the National Salon and awarded him first prize in competition with the best photographers of the United States, he recently sent six pictures to the International exhibition of the London Salon of Photography, held in the galleries of the Royal Society of Painters in Water Colors, 5A Pall Mall East, London, England.

Mr. Weston has just received word that out of six prints, five were hung. This is the leading exhibition of the photographic world. No prizes are awarded, but to have a print hung is considered the highest honor that can come to a photographer.

Mr. Weston has a large and exclusive patronage from Los Angeles besides doing much of the photographic work of the people of the valley.

PRESIDENT'S APPEAL HEARD IN TROPICO

PRESBYTERIAN CHURCH WILL OBSERVE THE UNIVERSAL CALL FOR PEACE PRAYERS

Next Sunday will be an especially interesting day at the Presbyterian church. The program will be unusually attractive and impressive. The Sunday school hour, 9:45 a. m., will be devoted to the annual "Rally Day." Songs and performances by the children. There will be several instrumental numbers by the orchestra which has been enlarged for the occasion.

The morning service at 11 a. m. in the auditorium will be a response to the president's request for special and universal prayers on that day for the peace of the world. The subject of the pastor, Rev. E. Blanchard Hatch, will be, "What Answer May We Expect?"

The Christian Endeavor meeting at 6:30 p. m. will be an open one, to which all are invited. The program of this service appears elsewhere.

At 7:30 P. M., the pastor will give one of his Sunday evening talks. Subject: "The Booster's Mission."

CITY CLERK TELLS HOW CITY WILL PAY

Your "anonymous" seeker after light from the City's legal luminary on the vexed question, whether or not the Board of Trustees can make payment for electric energy for ornamental lighting.

on Friday and Saturday, October 2nd and 3rd

we offer the articles listed in the next column at prices that YOU KNOW are a great deal less than the usual

With each boy's purchase on these days we will give something

Tropico, with Its Ideal Surroundings for a Homesite, Bids the Whole World Welcome

THE young man just looking life in the face, the office man, the mechanic—any man who believes in himself will find more enjoyment, more profit, more real satisfaction—he will meet with greater success in Tropico than is possible with the same effort under any other circumstances. And here are the reasons:

The soil is the most productive in California, anything you plant will grow luxuriantly upon it. There are very few of the known products of the temperate zone that cannot be raised on Tropico soil. Lawns, flowers and shrubbery flourish with little care. Back yard gardens grow wonderfully.

In Tropico, where we have sunshine all year around, water is worth something. From a chemical analysis the water proves 91 per cent pure. It comes from pure, sparkling streams that find their source in the fastness of the High Sierras and tear down the canyons to reservoirs where there is an ample supply for all.

Tropico is the choicest residential spot in all Southern California from a climatic viewpoint. The sunshine carries with it glorious warmth without discomfort, and at night your blanketed bed leads to dreamless slumber. About you rise the beautiful view of mountains, with flowers, lawns and beautiful homes in endless profusion. Mild and equable, with dry, cool, bracing air, Tropico at the entrance of the great world-known San Fernando Valley, offers untold opportunities for the home builder.

The natural surroundings of Tropico are taken from the early history of California. It is the starting point of auto trips over perfect roads through the mountain fastnesses and deep canyon cuts of the Verdugo Hills and Sierra Mountains made so famous by the Padres of old, who labored with the red man that he might get a glimpse of God.

Early history tells us of a fertile valley, verdant with grass and trees, abundant of game, and fish, and peopled by the contented Indians. The red man has gone, the game and fish are gone, but in their stead that same fertile valley is an incorporated city of some 3500 souls—contented and happy. Along the improved streets shaded with giant eucalyptus, pepper, oak, alder and sycamore trees may be found wonderful bungalows and homes surrounded by beautiful, well kept lawns, with abundance of flowers and shrubbery. A vast change from the early days. It has been turned from a siding to a city; waste into riches.

Tropico is situated five miles from the heart of Los Angeles. Is on the main line of the Southern Pacific and a branch of the S. P., L. A. & S. L. Pacific Electric interurban cars have a 20-minute service to Tropico—20 minutes away from the bustle and rustle of crowded streets and cooped

up offices of modern skyscrapers, to a home among the trees and flowers. Paved boulevards for the autoist makes the big city but a few moments' ride.

Towering in majestic grandeur to the north of Tropico are the Verdugo Hills and the High Sierras. Mt. Lowe and Mt. Wilson in the background and Verdugo Park in the foothills, a historical park filled with Nature's fastness and beautiful scenery. To the east rises the far-famed Griffith Park, the second largest park in the world, but a few moments' walk from Tropico, and where hundreds find recreation every day in roaming over hills and valleys touched by the hand of progress.

Commercially, Tropico contains her quota of up and doing merchants who supply the wants of Tropicians from well-stocked shelves of strictly fresh goods. All buildings are substantial and bespeak of the prosperity of the town. Auto deliveries and the telephone make trading a pleasure. Being so close to Los Angeles prices on foodstuffs and other household necessities are practically the same, and in many instances lower. The manufacturing section is apart from the business and residential section, but still a part of the industrial and commercial Tropico.

Tropico has no cliques or factions, everybody is democratic and the plebian may be seen at the home of the plutocrat. The Thursday Afternoon Club, the women's club of the city, will, in their new club house, being built, offer a place for the newcomer to quickly become acquainted. Tropico's Knights of Pythias Lodge enjoys a membership greater than any other according to population. The auxiliary, Pythian Sisters, are also very active. The W. R. C., G. A. R. and S. V.'s own their own halls.

The Yomen and many social organizations go far toward making life worth while. The Methodists in their new edifice extend the greetings to all strangers, while Presbyterian Church offers equal inducements. Near by will be found the home for United Brethren, Christian Science, Christian, Congregational, Catholic, Baptist, and High buildings offer high school and second schools prepared for the perfect matriculation.

BOARD OF TRUSTEES IN REGULAR SESSION

IMPORTANT CIVIC QUESTIONS DISCUSSED, BUT NO ACTUAL DECISION MADE FOR FULFILLMENT

Meeting called to order by President Rich. Trustees Rich, Henry and Webster present. Trustees Boyce and Conrad absent. After the reading of the minutes of previous meeting the regular order of business was taken up.

A communication in the shape of a bid for furnishing the window shades in the new City Hall from the Draper Sanitary Window Shade Co. was read and laid on the table. The price submitted was \$76.85 for some 31 windows.

A bid from the Pacific Light & Power Co. for furnishing the power for lighting Brand boulevard was read and upon motion was laid over for consideration. The bid submitted was for a five-year contract on a basis of burning the lights from one-half hour after sunset until one-half hour before sunrise. This is for a 100-K.W. lamp and the price asked was, up to 11 o'clock at 5 1/2¢ per K.W. hour and after 11 o'clock at 4¢ per K.W. hour. The approximate cost for the 81 lights would be \$125 per month.

City Attorney Goodwin stated that the matter of storm water protection as outlined by the Board of Supervisors was only the starting of what would take months to start, and that the plans as stated now could be changed at a later date. He however suggested that in the matter of protection from the Sycamore canyon, the board should get the opinion of the property owners before starting any actual work.

The following demands were allowed and ordered paid:

PUPIL'S IN RECITAL AT MASONIC HALL

PUPILS OF THE COOPER SCHOOL OF MUSIC GIVE RECITAL THAT BESPEAKS OF THE PROGRESS OF THAT INSTITUTION

The Cooper School of Music, established last April by Miss Helen Beatrice Cooper, a teacher and soprano of note, assisted by a faculty selected with extreme care, has proven a success, was demonstrated last Saturday afternoon at the Masonic Hall in Glendale, when some eighteen pupils of that institution appeared in their first public recital before a crowded house. Each number was greeted with an enthusiasm that bespoke the careful training that each one had received under the supervision of these talented teachers.

The hall was tastefully decorated with date palm leaves and large bouquets of marigolds and daisies. At the close of the program a reception was held at which delicious punch and wafers were served by the pupils.

Miss Cooper and the faculty of the school have the commendation of the entire valley for bringing the Cooper School of music to this section. The recital held last Saturday was a commendation that is worthy of consideration.

The following program was rendered:

- Duett _____ Schwalbe
- Rebe Phillips, Miss Schiffman
- (a) My Kittens
- (b) In the Morning
- Dorothy De Gaston

(Continued on page 3)

LOS ANGELES COUNTY ROADS TO BE MADE MORE BEAUTIFUL

LOS ANGELES COUNTY BEAUTIFYING COMMITTEE SETS FORTH PLANS THAT ARE IN THE COURSE OF CONSTRUCTION

Along every boulevard in the "Good Roads" system of Los Angeles County, iron rose trellises are being set and roses planted. There will be 15,000 rose-plants set between the present time and the coming of the winter rains.

Poppy and petunia seeds in bulk have been arranged for, and will be sown broadcast on the sides of every highway. In the early part of 1915 these roses and flowering plants will be in bloom.

Every school in Los Angeles County is working on separate designs of floral improvement on school grounds. The county has employed landscape gardeners in an advisory capacity to the school system.

All heads of railroad companies operating within the county have ordered the work of floral beautification along the rights of way and at stations. The broadcast sowing of the California poppy will figure prominently in the scheme to improve railroad property.

Every incorporated city in the county outside of Los Angeles city has begun the work of planting out street parkways with color schemes in flowering plants. Emphasis is being placed on the beautification of the vacant lots, either through the sowing of hardy flowers, or by causing them to be planted as vegetable gardens by the school children. At present the schools are leading in the enthusiasm and in the work actually accomplished.

The interest in this movement is nothing short of wonderful. The committee considered it was undertaking a gigantic task, but after a few months the movement began to run on its own momentum, with but little assistance and guidance from the committee. School children are personally and especially active.

There remains but one phase upon which to lay stress during the months of October, November and December, and that is the floral improvement of private grounds, gardens, front yards and ranches. This will come about in the indirect way of bringing to the notice of all property holders the big work being carried on by the public and semi-public and civic organizations.

The truest and most true thing that can be said of Southern California is that flowers and climate are its chief assets. It is up to Southern California to make the floral asset a brilliantly tangible one during the year when thousands will stream through our land in attendance upon the expositions at San Francisco and San Diego.

AREOPLANE ATTRACTS CURIOUS CROWD

AVIATOR AND TWO COMPANIONS COME DOWN IN ATWATER TRACT FOR REPAIRS

Silas Christofferson, famous aviator, with two companions, Lieut. Joseph Morrow and Mechanician French, landed safely in Atwater Tract last Friday evening, after a trial trip from San Diego.

The machine, which was constructed for entry in the big competition at San Diego next month, was found to leak water from the radiator, and as a result an overheated engine caused the party to seek safe ground. The big machine was raised Saturday and taken to Griffith Park aviation field for repairs, when it will be taken back, Lieut. Morrow, who is attached to the First Aero corps, U. S. A., returned to San Diego by train.

Scrip

Ask For It Daily

Our customers ask for "Scrip" daily. "Scrip" is becoming more popular every day.

What Is "Scrip"?

"Scrip" is a service that we are giving our customers as an appreciation of their patronage and to attract new business. "Scrip" is given at the rate of a mile in travel for a dollar in trade. "Scrip" can be redeemed for railroad, steamship or trolley transportation anywhere in the world. "Scrip" is good anywhere, anytime—you can save it for years.

How Is "Scrip" Used?

Count up just what you spend for groceries and meats during the year—you'll begin to save "Scrip" at once. For every 10-cent purchase we give a tenth of a mile—if you buy a dollar's worth you get one mile. No matter what the amount, what you buy or when, every purchase counts.

Mrs. Wayland Chapman spent Saturday in Los Angeles with her sister, Mrs. Joe Dehnell of Claremont.

Mr. and Mrs. Oliver J. Merrill and daughter are home after a delightful two months' tour through the East.

Mrs. Charles Phillips and small son, Charles, are expected home Oct. 1st from Balboa, where they have been enjoying the summer months.

R. L. Boon has purchased the Tropico Express business owned and operated by Sam Rhodes.

The Tropico Volunteer Fire Department boys will give another of their popular dances at the K. P. Hall on the evening of Oct. 6th. Everybody is invited to come and have a good time.

Miss Gladys Hamilton of Acacia avenue is now living with her aunt in Hollywood, where she is attending Normal School.

Miss Katherine Hobbs entertained a number of the "Lucky 13" girls informally at her home Sunday afternoon.

The attention of the readers of this newspaper is called to the advertisement in this issue of the White Store of Glendale, in which they remind you of the fact that they sell good things to eat and have two deliveries in Tropico every day.

Mr. Wayland Brown, who has been suffering from a severe illness at his home on Gardena avenue, is much improved. On account of this illness Mr. and Mrs. Brown were forced to postpone their trip East for ten days or two weeks.

R. H. McGinnis of Los Angeles has acquired the Major Payne property at the corner of San Fernando road and Central avenue. Mr. McGinnis has fitted up the rooms on the second floor and will rent the same as furnished apartments.

The Christian Endeavor Society of the Tropico Presbyterian Church will hold a "rally day" service next Sunday evening, October 4, at 6:30. Mr. Ray Horton, second vice-president of the L. A. County C. E. Union, will speak on the subject, "Getting Out of Ruts." Special music will also aid in making the meeting inspiring as well as enthusiastic. A most cordial invitation is extended to all young people.

SPANISH FIESTA AT LA RAMADA

Mrs. E. V. Lawton of Gardena avenue, Mrs. C. T. Van Etten of El Boneto avenue, and Mrs. Harry Goodwin of Tenth street will take in the Spanish Fiesta which the Glendale Tuesday Afternoon Club are planning to give Saturday night at La Ramada. After a Spanish dinner, which will be served at 6 o'clock, an elaborate program will be rendered, each number of which is to be in pantomime form. The special feature of the evening is to be a Spanish play, which will be made especially attractive by a number of Spanish dances. This affair is to be a brilliant opening of the coming season and is only a beginning of the many good things which the club will present this year.

AFTERNOON CARD PARTY

Among the white cosmos which were gracefully arranged throughout the home of Mrs. D. H. Smith, 147 South Maryland avenue, the members of the Monday Afternoon Auctior Bridge Club were delightfully entertained October 28. Once more the club members gathered together and over the card tables enjoyed each other's company and shared each other's luck. Mrs. J. E. Clemens of Eulalia avenue won the first and only prize, and her skillful playing certainly merited it. Dainty refreshments were served by the hostess to the following: Mesdames Herman Paine, Willis Kimball, C. H. Woolsey, C. O. Pulliam, E. K. Barnes, R. E. Hughes and C. E. Goode of Glendale, and Mesdames O. E. Clemens, J. H. Smith and F. B. McKenney of Tropico.

Mass Meeting

City Hall

Friday evening, October 2

Every citizen is urged to be present as questions of importance are to be discussed

Last Monday evening a number of Christian Endeavorers of the Tropico Presbyterian Church met at the home of Miss Eleanor Collins on Central avenue and arranged a program for the "rally" meeting of their society, to be held next Sunday, October 4, at 6:30 p. m.

If you chance to meet Frank L. Muhleman, of Glendale, candidate for assemblyman in the 61st district, and he has that smile that won't come off and grasps your hand and starts to talk about Ruth Louise and his chances of election, all in the same breath, don't look around for the authorities. He's alright, only he is so full of both subjects, he gets them mixed. The cause? Well, the stork called at his and Mrs. Muhleman's home last Friday and left them an eight pound girl. At the home, 1211 Maple avenue, everybody is happy. That's why the democratic party is argued by one.

V AND I CLUB

The V and I Club of Tropico will hold the first meeting of the club year at the home of the president, Mrs. C. T. Van Etten, 213 El Bonieto avenue, on Wednesday, Sept. 30th. Great pleasure is in store for the members and guests at this meeting because of two wonderful solos which will be rendered by Miss Isabella Isgrig, a lyric soprano, and Mrs. J. W. Thayer, a dramatic soprano, both of whom are prominent in their work in the Woman's Lyric Club of Los Angeles. The following program, which will be typically Californian in character, will be in charge of Mrs. A. W. Paine of 221 South Central avenue:

Manuscript—"An Early California Story," Mrs. A. W. Paine.
Piano duet—"Dance Espanol" (Moscowski), Mesdames E. V. Lawton and C. T. Van Etten.
Vocal solo—"Legends of the Yosemite" (H. J. Stewart), Miss Isabella Isgrig.

Poem—"Concepcion de Arguello" (Bret Harte), Mrs. A. W. Paine.
Piano solo—"Debajo del Balconia" (Under the Balcony), Mrs. E. V. Lawton.

Reading—"Libretto of Natoma" (J. D. Redding), Mrs. A. W. Paine.
Vocal solo—"The Legend of the Amulet" (Natoma) (Victor Herbert), Mrs. J. W. Thayer.

The Kensington Club will hold their next regular meeting on the afternoon of October 14, at the home of Mrs. Mayme Pollock, 519 West Park ave. The hostesses are Mrs. Stella Spear, Mrs. Lola Askeland, Mrs. Mable Craig and Mrs. Elsie Tiffany. All ladies are cordially invited to come and bring their fancy work.

HIGH SCHOOL NOTES

The Junior dance given Saturday night in the Masonic Hall marked a good beginning of the new year, both socially and financially, and started the class off with seven dollars to the good. A large number of the present students and alumni were present and all had a delightful time. The decorations and programs were symbolic of the care-free Juniors and carried out in their colors. In spite of the heat, many new and strenuous dances were displayed, and not until Sunday morning did the merry crowd disperse.

SACRAMENTO, September 16.—Girls are generally supposed to be better students than boys, more regular in their attendance, more docile in their demeanor. But this time it is two boys who take the cake. Lowell Truebody of Napa, and Lester H. Sager of Rialto, were today presented with silver medals by State Superintendent Edward Hyatt, testifying to their extraordinary record for regular attendance in the grammar and high schools of the state. Young Truebody actually has a record of thirteen and one-half years, without an absence or a tardy mark; and Sager is just short of that, with twelve years.

The medals are awarded with the idea that it will be good for all the children of the state to know and appreciate this remarkable feat. What has been done can be done again. Our great system of free schools wastes its energies and accomplishes nothing with the children who are a money's worth. Regularity and punctuality are necessary to the success of the individual in every walk of life, and necessary to the life of our business.

We wonder what General Sherman would have called it if he had lived until today. The reservist would call it a pickle.

City Attorney Henry P. Goodwin, in answer to the anonymous communication published in last week's Sentinel, has the following to say:

"Insofar as the city attorney is concerned, he will be only too pleased to give careful attention to any communications which are presented to him either in person or by a properly signed communication."
